

Print. Profit. Preserve.

INNOVATIVE AND ECO-FRIENDLY CTP SYSTEMS AND SOLUTIONS.

Chem-Free and Processless Thermal DigiPlate™ CTP

The clean, green choice for 2-up printing.

- Profitable, efficient and environmentally-friendly
- Fast unit, capable of running 1,200 dpi plates at 75 plates per hour
- No chemicals, no toner and no ink ribbons

Mitsubishi's Thermal DigiPlate uses a thermal inline head and patented thermal fusing technology to create a high contrast image on the plate.

To find out how to improve your ROI and your work environment, stop by booth 841 at Graph Expo 12 call (800) 765-9384 x13207.

Printed with Mitsubishi Thermal DigiPlate™ material on a BaumPrint 18 small format press using Superior Printing inks.
