HIGH SPEED INKJET PAPERS

PREMIER IJ BOOK Matte 63

Lightweight Inkjet Coated Paper

PREMIER IJ Book is a lightweight matte coated paper specifically designed for high-speed production environments. This paper requires no pre or post coating to run on today's most advanced printing systems. With a brighter more opaque sheet, PREMIER IJ Book offers valuable yield savings and exceeds the 800 PPI requirement. Mitsubishi's superior coating technology allows for maximum production speeds, lowered ink consumption, unprecedented dry times and excellent runability in bindery and finishing.

FEATURES AND BENEFITS:

- Compatible with Most Pigment & Dye Inks
- Revolutionary Coating Technology
- Matte Finish
- Unmatched Print Performance
- Superior Color Matching
- Maximum Print Speed
- Fast Dry

SPECIFICATION	TARGET
Basis Weight	63 G/M ²
Paper Weight	43# TEXT
Paper Thickness	63 µM
Paper Thickness	2.5 MIL
PPI	808
ISO Opacity	93%
ISO Brightness	86
Finish	Matte
Structure	Coated 2-Sides

*All values are targets

Best printing results achieved in a standard climate of 23°C and 50% relative humidity. For problem-free running, always store the product in original packaging and protect it from direct sunlight and moisture. Before using our medium, check its suitability on your printer and for your planned application. We can assume no liability resulting from technical changes in printers and/or inks. Changes in the product design due to technical developments will not be announced in advance.
